

Product Expert Planning Solutions & SQL

Your job

- After a few weeks of training, you quickly become a **product expert** in our Arkieva tool.
- You are our customers' first point of contact. They rely on your **technical know-how** to help model their planning solutions.
- As part of our small team of product experts you are one of the go-to persons for our consultants and help them efficiently configure planning solutions in SQL.
- Your **keen interest in Supply Chain processes** also allows you to support our customers functionally.
- You work on short assignments allowing you to develop a **steep learning curve** and work with a lot of different people.
- You take **ownership** of your work: you assess the problem, solve incidents independently, and discuss the solution with the consultant or customer.
- Your technical background allows you to be involved in a **variety of tasks**: assisting with installations as well as taking up responsibility in internal IT projects.

Your profile

- You hold a degree in IT or equivalent through relevant experience.
- You have at least **2 years** of working experience.
- You have a **solid knowledge of SQL**, experience within Supply Chain is a plus.
- You master technical ICT language but also **connect easily to business** stakeholders.
- You are a true team player and **love to help**, from coaching business consultants in the correct use of SQL to supporting customers in the effective use of their planning solutions.
- You are **analytical and result-oriented**, you think in solutions rather than problems.
- You have an **entrepreneurial mindset**, you easily translate ideas into feasible action points.
- You are a quick learner, able to work independently and handle **responsibility** well.
- You have excellent communication skills (English & Dutch).

Working at Solventure is striving for the best, together, every day!

Our offer

- **"More-than-just-a-job"** in an ambitious scale-up, characterized by an openminded, transparent and caring culture.
- Lots of **autonomy** and the opportunity to actively contribute to the growth of our business.
- A stimulating environment with lots of training and **development opportunities**
- A young and dynamic setting, combining hard work with **fun & interaction**
- A **competitive salary** (including company car, representation allowance, lunch allowance, group insurance,...)
- The possibility to work in our offices in Gent (Blue Towers), Deinze, Antwerp or work from home occasionally.
- Free fruit and soup on Tuesdays!

Looking forward to meeting you! Apply online now or email your resume to leentje_claeys@solventure.eu
