### Job title

Internship Sustainability/ESG

### Function

Advisory - Intern

### Roles & Responsibilities

As an intern in Sustainability / ESG Services, you will be involved in the delivery of projects and business development activities in connection with sustainability/ESG-related challenges and opportunities. You will have the opportunity to help shape the Sustainability/ESG agenda of well-known, internationally- active companies and other organizations. You will be working all the way from Sustainability/ESG strategy development over implementation to measurement and reporting.

Your role will be highly varied and will involve working in a supportive, young and dynamic team dedicated to Sustainability / ESG Services. You will also work together with Consultants from other Competence Groups.

The range of clients and the projects you will work on, offers continuous challenge and a constantly shifting workload. You will be in regular contact with clients requiring travel to client sites on a national and sometimes international basis.
